

Centered Riding Clinic with Lucile Bump

Cherry Tree Farm, Albuquerque

May 5th & 6th 9am to 4pm

Auditors welcome!

Centered Riding is an innovative way of expressing the classical principles of riding, using body awareness, centering, and imagery. Centered Riding encompasses all seats and styles of riding. It teaches a language that allows clearer communication between horse, rider, and instructor. Centered Riding was developed by Sally Swift, author of the best-selling book and videotapes, and is now taught by Centered Riding Instructors around the world.

Riding groups are currently full, a waiting list for each group will be started. Please contact Christina. Auditors may pay in advance \$30/day or \$50 for the weekend. Price will be \$35 per person per day at the door, if spots are available. Bringing a notepad, pencil, water & a chair of your own is a good idea! We will have a food truck on site for lunches.

Morning session will include unmounted work, auditors are encouraged to participate!

As a Level IV Senior Centered Riding® Instructor, Lucile has the ability to employ a more in-depth understanding of Centered Riding® techniques in her teaching regardless of the discipline, whether it is Western, Dressage, Jumping, Endurance, etc., because she understands the foundations of the work. Lucile began riding around age 10 and grew up riding the wooded trails of Vermont,. She rode all through school and competed regularly in Hunt Seat Equitation. Lucile met Sally Swift when she was 14, and continued to work closely with Sally after completing her apprenticeship. Lucile began her teaching career while attending college in Marlborough, Vermont. After graduation, Lucile went to work at a Morgan farm, training horses, teaching riding lessons and doing some competing in Western and Saddleseat. In 1971 Lucile travelled to California to work with Linda Tellington-Jones at her riding instructors school. She has been instructing all levels & disciplines & certifying Centered Riding® Instructors ever since!
